

# Omnipure Filter Company Material Safety Data Sheet

Product: K2533 Water Filter

## Section 1: Chemical Product and Company Identification

Product : K2533 Water Filter  
Description : White Plastic Cartridge Containing Granular Activated Carbon  
Product Use : Water Filtration  
  
Supplier : Omnipure Filter Company  
Address : 1904 Industrial Way  
City, St., Zip : Caldwell, ID 83605  
Phone : 1-800-398-0833

## Section 2: Health Hazard Data

### Emergency Overview

No adverse health effects are associated with the use of the filter.

Since the filter is a sealed unit, exposure to the filter contents can occur only if the filter is broken. If filter breakage occurs, no adverse health effects are expected.

No medical conditions are known to be aggravated by exposure to this product.

### **FIRST AID MEASURES** (In the event of direct exposure to filter contents):

INGESTION: Procedures normally not needed. If large quantities are ingested, seek medical advice.

EYE CONTACT: Flush eyes with plenty of water. If irritation develops, call a physician.

SKIN CONTACT: Wash skin with water.

INHALATION: Remove to fresh air. If breathing is difficult call a physician.

## Section 3: Hazardous Ingredients

This product is not hazardous as defined by 29 CFR Part 1910.1200 (OSHA).

None of the materials in this product are on the IARC, OSHA, or NTP carcinogen lists.

#### **Section 4: Special Protection and Precautions**

No special protection or precautions are needed when handling the filter. However, when handling the filter contents, the following should be considered.

Hygienic Practices: Wash hands after direct contact with contents of filter cartridge.

Engineering Controls: None specified.

Personal Protective Equipment: None specified.

#### **Section 5: Transportation and Regulatory Data**

DOT/IATA/IMDG: Not restricted.

EPA – SARA Title III/CERCLA: This product is regulated under Sections 311/312. This product contains no chemicals which are regulated under Section 313 or under Section 304/CERCLA.

#### **Section 6: Spill Procedures and Waste Disposal**

Spill Procedures: Place any damaged filter cartridges in a suitable container.

Waste Disposal: Dispose of in accordance with all applicable federal, state, and local regulations.

#### **Section 7: Stability and Reactivity Data**

Stable under normal use and storage conditions. Activated carbon is incompatible with strong oxidizing agents such as ozone, liquid oxygen, chlorine, and permanganate.

#### **Section 8: Fire and Explosion Data**

Contact of filter contents (activated carbon) with strong oxidizing agents such as ozone, liquid oxygen, chlorine, and permanganate may result in fire.

#### **Section 9: Physical Data**

Filter Contents:

Appearance: Black powder, granules or pellets with no odor.
